

Simply, Conferencing

Web Conferencing Rates

As with our Audio Conferencing, CentraCall believes in easy to use conferencing solutions, that get you increasing your company's collaboration and productivity straight away. Web conferencing does this like no other conferencing solution, and with Microsoft and Web-Ex products you know your web conferencing is both state of the art and at a price that is affordable.

The below table illustrates our pricing for our web conferencing solutions.

Web Rates

| Country | Rate |
|------------------------|--------------------------------|
| Microsoft Live Meeting | 18p per minute, per connection |
| WebEx Meeting Centre | 18p per minute, per connection |

Please Note: If you feel your company's web usage will be significant, there are alternative methods of purchasing access to Web Conferencing. These are based on committed licenses either at a user level or at a seat level. Please contact CentraCall's Web team to find out more, web@centracall.com, or use the Contact Us page on the CentraCall website.
