

Simply, Conferencing

Reservationless-Plus Features and Benefits

Reservationless-Plus from CentraCall gives you access to an on-demand audio conferencing service 24 hours a day, seven days a week without the need to make a reservation or use an Operator. Holding a conference is as simple as dialing a permanent number and entering a numeric code.

Reservationless-Plus is a feature-rich global audio conferencing service that offers the same features and telephone keypad commands worldwide.

Two unique codes are issued to new users:

- A Conference Code. This is entered by the Leader and all participants at the start of the call
- A Leader PIN. This is also entered by the Leader after they have entered the Conference Code

The call starts after the Leader has entered their PIN.

Features of Reservationless Plus

- Customise features for each of your calls using the online conference options tool.
- Use the online audio controls to manage your call with a click of the mouse.
- Change your Leader PIN and Conference Code online.
- Dial out to participants directly using the *1 keypad command.
- Use the web-conferencing feature to share a PowerPoint presentation with your participants.
- Use the online tool to schedule a conference and notify participants of the details automatically via email.
- Hold up to nine break-out sessions during your conference call.
- Choose to have the conference continue if you disconnect from the call.
- Select the Quick Start feature to allow the conference to start before you join the call.
- Add extra security to your conference by using the security passcode feature.
- Select the language for your conference. All callers will hear the voice prompts in the language of your choosing.

Benefits of Reservationless Plus

- A global audio conferencing service.
- A feature-rich service.
- Leader controls a robust set of conference commands.
- Leader manages conferencing features using the online management tool.
- Leader controls the conference either by telephone keypad command or click of the mouse.
